

FIND THE BEST RHINO-POD FOR YOU!

THE CUBIT POD

Perfect for tailgating, van life, camping, work vans, RVs, truckers, remote work places and outdoor adventures. Small, light and easy-to-carry, this portable Cubit kitchen is probably the smallest and lightest on the market. It is functional and flexible, with integrated sink, self-powered tap, chopping board and integrated 5L water and waste containers. The flip-up side tables give space for two generic stoves, plus the fold back lid gives you additional space.

- ✓ Storage space for a burner inside
- ✓ Strong design that can hold up to 120kg!
- ✓ A handle flip up handle so is easily portable
- ✓ Three positions for the lid to suit your closed, upright and as a rear shelf
- ✓ Two flip up side tables that fit single generic burners
- ✓ Holes in the front, back and in the bottom panel for securing down.

THE MANTA POD

Perfect for roof tenters, tent campers and other adventurers that want to be able to cook, prep or wash from their car. Small enough to fit and be used in most hatchbacks on the market with three good sized work areas, quality locking slides, storage underneath, and built in wind protection.

- ✓ Storage space for a burner and accessories below
- ✓ Strong design that can hold up to 120kg
- ✓ Handles on either size so is easily portable
- ✓ Three positions for each side table so you can use them, store away or use as a wind shield!
- ✓ Two quality locking sliding hinges
- ✓ Holes in the back and in the bottom panel for securing down.

THE CHUCK POD

The Chuck has ample storage space including two roomy drawers, plus plenty of space for two generic burners and a pop-up sink. This great and flexible Pod is suitable for almost any vehicle. The unique flip-over lid gives additional prep space or room for a water container (if you plan to use a sink). Made of an incredibly strong and waterproof material. This is the all in one storage solution that is also a sturdy kitchen in a box!

- ✓ Storage space for a burner and larger accessories in the bottom
- ✓ Two drawers to store accessories
- ✓ Strong design that can hold up to 120kg
- ✓ Handles on either size so is easily portable
- ✓ Three positions for the lid to suit your closed, upright and as a rear shelf
- ✓ Three positions for each side table so you can use them, store away or use as a wind shield!
